

## **AVE.IK offers** **The Montessori **Teacher** Studies (0 -12 years)**

You are working in a school and you want to join a progressive Montessori training. You want to learn all about the Montessori method, but you want to be free in your choice of the modules you need to follow. You prefer a study with time for dialogue and conversation as well as private study time. You want to use the digital world; you want to be a modern Montessori teacher !!!!!!!

### **Structure of the Montessori **Teacher** Studies (MTS)**

MTS is both an elaborate Montessori training and a more personal tailor-made approach of studying the Montessori theory and classroom practice. It is organized in five steps:

- Step 1: The Montessori Introduction Studies
- Step 2: The Montessori Practical and Sensorial Material Studies
- Step 3: The Montessori Mathematic Material Studies
- Step 4: The Montessori Language Material Studies
- Step 5: The Montessori Cosmic Studies

Each step contains: Montessori theory, observation, all Montessori materials, two self-made materials, intervision and an assignment. Choose the steps you need for your own situation.

### **Study Time**

Each step takes 5 days of education, 6 hrs p.day. An equal part of self-study is demanded. After completion a step you receive a certificate, after finishing all the steps and the assignments, as well as a final assignment you will receive the certificate The Montessori **Teacher** Studies, 12 ECTS. For the MTS a dropbox account will be made and you will be invited to join the account. All the information and materials needed for the studies will be placed in the dropbox. If you want to complete the full course, the MTS will take a period of around 2 years of studying, but you can also choose to take one or two steps. The MTS will be led and guided by Montessori teacher trainers of the **AVE.IK** team. You can extend the MTS with classroom observation in your own group.

### **Location**

We strongly advise you to start the first step in Amsterdam: The Montessori **Introduction** Studies (see MIST), with an emphasis on several classroom observations. The rest will be organized at your own location (minimum of participants: 10, maximum 15). **Dates, registration and course fee [info@ave-ik.nl](mailto:info@ave-ik.nl)**
